Warehouse Specialist

Hiring organization

Good Works Tractors

Description

Experience with tractors or farm equipment will be very helpful, but not absolutely necessary. This job primarily revolves around packing orders for shipment to customers including tractor attachments such as grader blades, rototillers, snowblowers, and similar equipment. This will involve using a forklift at times, but does require moving heavy steel parts as well. This is an indoor/outdoor environment in a combination of conditioned and unconditioned space. At times you're working in the elements in all seasons, rain, snow, or shine. Good for someone who enjoys working in the fresh air. Benefits package included.

Currently seeking full time, part time, and seasonal positions.

Experience

1 year

Employment Type

Full-time, Part-time, Temporary
